

ACCREDITATION BY THE AMERICAN ACADEMY
OF SLEEP MEDICINE

ACCREDITATION MEANS THE FOLLOWING STANDARDS ARE MET

Physicians at the center are trained and experienced in all forms of sleep disorders.

The center has a medical director who is board certified in sleep medicine.

The center has physicians practicing sleep medicine in the community who are available to see and evaluate individuals with sleep disorders.

Each physical location is inspected and certified to meet academy standards.

Sleep technicians work under guidelines which ensure they are able to perform their duties without excessive responsibilities.

The physical plant is inspected to ensure it meets adequate space and design characteristics defined by the academy.

Patients have physician recommended studies reviewed by the center's sleep specialist.

All tests are reviewed by a board certified sleep specialist.

The center has a well designed quality assurance program.

Operational procedures employed are defined and followed based upon academy practice guidelines.
